

Magic for the senses

The Schafer Solutions™ Fragrance Tree was specially designed to add a fantasy element to countertop displays while offering a more imaginative fragrance presentation.

The Fragrance Tree concept can be crafted from a number of materials – all of which can be sized, shaped and adapted to highlight your newly-arrived fragrances. The pictured display is crafted from clear, colored and edge-glow acrylics.

Screen printing, pad printing, or engraving can be added to enhance a brand message or identify product features. The Fragrance Tree can incorporate a single product display platform (as shown) as well as multiple platforms amidst the trunk or branches. The display can be direct-shipped in two forms: ready for fragrance inclusion or pre-packed with your product and any supporting materials.

Opt for a statement-making presentation. Let Schafer Solutions design, craft, prepare and deliver your Fragrance Tree, the most whimsical fragrance setting made today.
