

Bagel Dispenser

patent Pending

Cupcake & Muffin Dispenser

Cookie Display

Convenient & flexible self-serve displays

The Schafer Solutions™ Limited-Hand-Contact Food Displays and Dispensers are the ideal solution for food presentation when self-service is required.

Features such as limited-hand-contact reserve a customer's touch only to the food item he or she will purchase. All other product remains protected yet clearly visible in the stack display.

Bagel Dispenser

- Nominated for the Editor's Choice Award for the most innovative product at the 2010 International Hotel, Motel & Restaurant show in New York City
- Wow your customers and create a unique product dispensing experience
- Compact, more hygienic for consumers, keeps bagels fresher longer, and is easy to load and clean.
- Dimensions are 28" w x 13" d x 27" h. - Food not included

Cupcake & Muffin Dispenser

- Wow your customers with this compelling product and give them a stellar conversation point.
- Beautiful, hygienic, compact, keeps cupcakes or muffins fresher longer, and is easy load and clean.
- Dimensions are 31.5" h x 19" d x 27" w. - Food not included

Cookie Display

- Customizable to fit your exact space requirements
- Comes in 2 or 3 trays with front or back door versions
- Back slides up for easy, convenient and thorough cleaning
- Each tray is made of special frosted acrylic to make each tray's cookies more visible
- Dimensions are 11" w x 13" d x 12" h. - Food not included

Other Custom Displays & Dispensers

- Built with different heights or widths
- Configured to your store and dispensing requirements
- Specialty signage can also be added
- Edge-glow materials, LED lighting can be incorporated

When you choose Schafer Solutions' Limited-Hand-Contact Food Displays and Dispensers, you get superior visibility, convenience and sanitary handling – all in one flexible display.
